"Forests, carbon and fire.

It's also be kind to Basil week.

I'm sure he'll all need our support to tied him over New Norfolk's demise last weekend. Perhaps winning the raffle ruined it.

## Roster

Chairman 22 Sept George T

A plane is on its way to Toronto , when a blonde in economy class gets up, and moves to the first class section and sits down.

The flight attendant watches her do this, and asks to see her ticket.

She then tells the blonde that she paid for economy class, and that she will have to sit in the back.

The blonde replies, "I'm blonde, I'm beautiful, I'm going to Toronto and I'm staying right here."

The flight attendant goes into the cockpit and tells the pilot and the co-pilot that there is a blonde bimbo sitting in first class, that belongs in economy, and won't move back to her seat.

The co-pilot goes back to the blonde and tries to explain that because she only paid for economy she will have to leave and return to her seat.

The blonde replies, "I'm blonde, I'm beautiful, I'm going to Toronto and I'm staying right here."

The pilot says, "you say she is a blonde? I'll handle this, I'm married to a blonde. I speak blonde."

he goes back to the blonde and whispers in her ear, and she says, "oh, I'm sorry." and gets up and goes back to her seat in economy..

The flight attendant and co-pilot are amazed and asked him what he said to make her move without any fuss.

"I told her, "first class isn't going to Toronto ".

## Here and there

Glen and June are now homeless—sold their unit in 3 weeks. The suggestion he use the Chapel didn't seem to be well received.

Vanessa going to Ceylon for a bike riding trip sound a wonderful experience.

David was impressed with the amount of food he received to distribute from Second Bite, Figured if he had a passenger they'd have to be nursing the onions.

Thanks to Kerry and George for their work on the proposed Art Exhibition. As no negative comments were received I assume everyone will get behind the project as it may be a good money earner and a public relations plus. I believe our Club used to hold an art exhibition in the T and G building.

## Rotary Club of New York and 9/11

On 1 July 2001, I was installed as the Rotary Club of New York's first female president. The club was about to celebrate its 92nd anniversary, and it made a big production of my installation.

A group from the New York Police Department marched me in, singing "New York, New York"; I announced my agenda for the coming year; everybody toasted. And we thought that would be the historic event of the year.

**In this month's Rotarian magazine Helen Reisler, recalls how her Rotary Club handled the 9/11 crisis.**

At every meeting, we played patriotic songs. I invited firefighters and others who'd been injured to attend. I invited people who had lost loved ones: a widow and her child, a father who had lost his son and who continued to attend meetings. I made the club a haven for those who had been affected by the attacks – not only to support them, but to motivate the members of my club.
