'A man riding his Harley was riding along a California beach when suddenly the sky clouded above his head and, in a booming voice, the Lord said, 'Because you have tried to be faithful to me in all wa I will grant you one wish.'

The biker pulled over and said, 'Build a bridge to Hawaii so I can ride over anytime I want.'

The Lord said, 'Your request is materialistic, think of the enormous challenges for that kind of undertaking; the supports required reaching the bottom of the Pacific and the concrete and steel it would take! It will nearly exhaust several natural resources. I can do it, but it is hard for me to justify your desire for worldly things. Take a little more time and think of something that could possibly help mankind.'

The biker thought about it for a long time. Finally, he said, 'Lord, I wish that I and all men could understand women; I want to know how she feels inside, what she's thinking when she gives me the silent treatment, why she cries, what she means when she says nothing's wrong, why she naps and complains when I try to help, and how I can make a Woman truly happy.'

The Lord replied, 'You want two lanes or four on that bridge?'

### **THIS IS HAPPENING RIGHT HERE IN OUR OWN COUNTRY!**

Have you noticed that stairs are getting steeper .

Groceries are heavier . And, everything is farther away.

Yesterday I walked to the corner and I was dumbfounded to discover how long our street had become!

And, you know, people are less considerate now, especially the young ones.

They speak in whispers all the time!

If you ask them to speak up they just keep repeating themselves, endlessly mouthing the same silent message until they're red in the face!

What do they think I am, a lip reader

## Kick Polio out of Africa

In anticipation of the FIFA World Cup in June, Rotary clubs across Africa are gearing up for the final push to eradicate polio on the continent. [The Kick Polio Out of Africa](#) campaign launched 23 February with the symbolic kicking of a soccer ball signed by Nobel Peace Prize laureate Desmond Tutu, a polio survivor. Primary sponsor of the campaign is DHL Express.

The ball's journey began in Cape Town, South Africa, one of the host cities for the 2010 World Cup, and will continue through 22 countries, most of them polio affected, en route to the RI Convention in Montréal, Québec, Canada, in June.

During the ball's four-month trip, Rotary clubs in polio-affected countries are organizing soccer-related polio awareness events to generate support for polio immunization. Each national PolioPlus committee chair will also sign the ball.

### Where the ball travels

After the Kick Off in Cape Town, South Africa, the symbolic soccer ball will travel through 22 Polio affected countries in Africa.
