Hard Work

A farmer and his recently hired hand were eating an early breakfast of biscuits and gravy, scrambled eggs, bacon and coffee that the farmer's wife had prepared for them.

Thinking of all the work they had to get done that day, the farmer told the hired man he might as well go ahead and eat his lunch too.

The hired man didn't say a word, but filled his plate a second time and proceeded to eat.

After awhile the farmer said, "We've got so much work to do today, you might as well eat your supper now too."

Again, the hired man didn't respond but refilled his plate a third time and continued to eat.

Finally, after eating his third plate of food, the hired man pushed back his chair and began to take off his shoes.

"What are you doing?" the farmer asked.

The hired man replied, "I don't work after supper."

Goin' Fishin'

Jim had an awful day fishing on the lake, sitting in the blazing sun all day without catching a single one. On his way home, he stopped at the supermarket and ordered four catfish.

He told the fish salesman, "Pick four large ones out and throw them at me, will you"?

"Why do you want me to throw them at you"?

"Because I want to tell my wife that I caught them."

"Okay, but I suggest that you take the orange roughy."

"But why"?

"Because your wife came in earlier today and said that if you came by, I should tell you to get the roughy. She prefers that for supper tonight."

Here and There

◆ Thanks to all those who supported the visit of our GSE visitors from New York. They were a great group. Basil was well looked after. Here Ameil serves a meal for him.

- ◆ Nine members and partners attended the Triabunna Fish feast and had an enjoyable day.
- ◆ Five members attended the District Conference, another two attended the PH breakfast. A great Conference. Pencil in 1/2 April in Devonport for next year's Conference.
- ◆ No doubt the Conference will be well reported elsewhere but some of the highlights would be-
 - Robyn Moore is always a riveting speaker. She detailed some of her experiences with "Green cactus" radio skits and how phone calls from Blinky Bill make a difference to youngsters at risk.
 - Julia Rollins adopted 6 children and astonished all with how she handled the situation. She still had time to write books, works on Advisory groups and has appeared on a number of SBS and ABC TV programs.
 - Dr Sue Jenkins spoke about the importance of the early years of a child's life and the development of Tasmanian government initiatives to help
 - While a debate on Climate change with Christine Milne might seem tame, participation of Prof Franks gave it a new twist
 - Andrea Ho, Manager of ABC on line in ACT, gave a great picture of her Rotary Exchange Student experiences.
